EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Barry Shuman (50,220) on July 31, 2006.

The application has been amended as follows:

In claim 2, line 13, please insert --any-- before "material."

The following is an examiner's statement of reasons for allowance: The newly amended claim 2 overcomes the previous 103(a) rejection over Makoto et al. (JP406120634A). Subsequently, no prior art teaches or suggests a cavity free from any material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
